

Solution family: Exterior Door Solution

Solution group: Single-Steel/Aluminium-Self Closing-Access Control-Panic Device

Description

ASSA ABLOY Sicherheitstechnik solution for single-leaf aluminium or steel entrance doors with a SCALA solo Wall Reader and a multi-functional self-locking lock. SCALA is the universal electronic access control. Door is also equipped with a Cam-Motion® Door Closer.

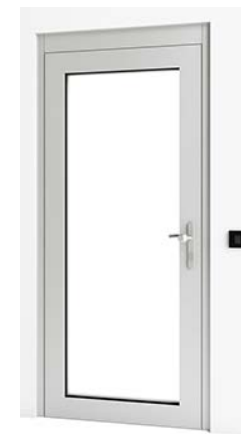

When doors feature the MEDIATOR system, they are essentially locked on the outside, but, thanks to the panic function, users are able to exit buildings from the inside without a key at any time. Doors can also be opened using the access control system SCALA.

Typical applications:

Education, School, University, Hotel, Hospital, Stadium, Multi Arena, Museum, Gallery, Shopping Mall, Bank, Industry, Office, Commercial, Congress, Multi-Residential, Health Care
