

Solution family: Exterior Door Solution

Solution group: Single-Steel/Aluminium-Self Closing-Panic Device-Escape Route

Description

ASSA ABLOY Sicherheitstechnik Solution for an escape route monitored single leaf aluminium or steel door. The door status (open or closed) is monitored via a door contact and the door can be authorised for release using a key switch. An alarm is triggered if the door is opened without authorisation.

Equipped with an OneSystem self-locking panic mortise lock and Door closer with Cam-Motion® technology. The lock/door is automatically self-locked as soon as the door closer has closed the door.

Typical applications:

Education, School, University, Hotel, Hospital, Stadium, Multi Arena, Museum, Gallery, Shopping Mall, Bank, Industry, Office, Commercial, Congress, Health Care
